After the success of the first *International Annual of Floral Art*, the second edition is sure to be another massive success among florists and flower lovers. The aim of this yearbook is to offer a sweeping panorama of the innovative floral art that exists internationally. Each year, the publisher's world-renowned floral designers vouch for hundreds of entries, carefully selected by an international jury of specialists.

This 06/07 edition assembles even more personalities and creations that display the rich potential and variety in floristry today. This 'floral annual' has become a household name and is an invaluable source of inspiration; indulge in floral art styles from all over the world....
